Greater Hume Radio Incorporated proudly provides a live and local broadcasting service to the residents of the Greater Hume Shire in New South Wales, Australia.

To continue providing the service, 2GHR requires the support of listeners such as you. While we are a free to listen community station, running it does cost a considerable amount. We feel sure you will want to confirm your interest and support for Greater Hume Radio Incorporated by joining the team that keeps our Community Radio Station alive.

To assist 2GHR with any other activities, such as volunteering or training, please write via mail, email or phone the address above to gain further information.

Regards,

Irvine Gregg
